Mercury free declaration

Hereby we, Yokogawa Process Analyzers (YPA) in Amersfoort, declare that, to the best of our knowledge, the material mercury is not intentionally added to the base materials and additives used in the manufacture of the sensors and electrodes for measuring:

- pH / ORP (redox)
- SC (Conductivity contacting)
- ISC (Conductivity inductive)

Any contamination with mercury is unintentional, minimal and not relevant for environmental aspects,

Best regards,

Amersfoort, November 1st, 2013

Rowin Vochteloo
