

# EZ-LIGHT™ K80 Call Light

## Call-for-Assistance Indicator

### Battery-powered light provides easy-to-see call-for-assistance indication.

The portable, battery-powered EZ-LIGHT™ K80 Call Light provides operational status indication for personnel and is ideal in locations where access to power is limited or unavailable. The preassembled housing and multiple mounting options make the indicator light cost-effective and easy-to-install.

- ▶ 50 mm red dome
- ▶ Flashes ON/OFF
- ▶ Battery powered
- ▶ Switch activated
- ▶ No assembly required
- ▶ For “Andon” applications
- ▶ Rugged and easy-to-install
- ▶ Long life LED technology

NOTE: Andon lights on machines or production lines indicate operation status.

#### EZ-LIGHT™ K80 Call Lights

Model*	Color	Flash Rate	Input
K80CLR	Red	1 second	18V (two 9V batteries—batteries included)

\* All models include a 48 mm circular Velcro mounting kit.

### Cost-Effective and Easy-To-Install

#### Mounting Versatility

- ▶ Four hole mounting with integrated holes
- ▶ Velcro for easy mounting with no additional hardware
- ▶ Brackets for flat or DIN-rail mounting

**40-plus years of sensor design experience, quality control, sales support and cost-effective solutions:**

- ▶ Banner quality products with global availability
- ▶ Rapid customization with most products shipping in 3 days or less
- ▶ Industry's largest force of application engineers to solve your toughest challenges
- ▶ More than 3,000 factory and local field representatives to serve you
