

TL70

Modular Tower Light

The Choice is Yours: You choose how to order and build the TL70 with the flexibility to customize the tower light as needed and change positions in the field.

- **Big and bright** 70 mm tower lights have two banks of LEDs
- **Rugged**, water-resistant **IP65** housing with UV stabilized material
- **Customize** lights for your application by selecting solid ON or flashing for each light segment
- Up to five individual colors, plus audible (92 dB or 101 dB) in one device or choose a multicolored segment with **up to three colors in one segment**
- Bright, uniform indicator segments appear gray when off to **eliminate false indication** from ambient light

TL70 Modular Tower Light

A Better Design by Banner

The TL70 tower light is Banner's latest achievement in rethinking and designing a better indicator.

Brighter lights—
two banks of LEDs

IP65 housing for
industrial use

Light segments can be
configured solid ON or flashing

Stack up to six modules, with five
color choices (red, green, yellow, white
and blue), plus one audible per device

Multicolor segment allows for up
to three colors in one segment

Loud (92 dB) or louder
(101dB) adjustable alarm with
four selectable tones—pulsed,
chirp, siren or continuous

Match your machine
with a choice of black
or gray housing

TL70 Modular Tower Light

The Easiest Tower Light to Install

The TL70 tower light design is user friendly with just a few easy steps to complete installation.

1. Module Settings

- Assign module position (switches 1-6)
- Assign flash rate or audible tone (switches 7-8)

2. Assemble

- Align segment markings
- Press together
- Twist to lock

3. Apply Power

- M12 QD
- Flying lead cable
- Terminals

Supply Voltage	12 to 30 V dc
Construction	Bases, Covers and Light Segments: Polycarbonate
Environmental Rating	IP65
Operating Temperature	-40 to +50 °C (-40 to +122 °F)
Certifications	

Accessories

Elevated Mount System

- SA-M30 Black polycarbonate adapter/cover
- SA-M30C Gray polycarbonate adapter/cover
- SOP-E12-150A (150 mm)
- SOP-E12-300A (300 mm)
- SOP-E12-900A (900 mm)
- Black anodized aluminum pipe
- SOP-E12-150AC (150 mm)
- SOP-E12-300AC (300 mm)
- SOP-E12-900AC (900 mm)
- Clear anodized aluminum pipe
- SOP-E12-150SS (150 mm)
- SOP-E12-300SS (300 mm)
- SOP-E12-900SS (900 mm)
- 304 stainless steel pipe

WLC90 Heavy Duty LED Light

Banner's WLC90 Heavy Duty LED Light is designed to operate in harsh environments and withstand harsh weather conditions. These are compact and rugged, making them an excellent choice for machine operators and food processing plants.

- High contrast, and other features with 100, 200, and 300K range
- Wide operating temperature range with an optional mounting bracket that fits the LED in a 90° beam of extreme temperatures
- Filter lens choice to suit your application needs
- Non-adj. led brackets for variable mounting to direct the light in any direction
- Models have three discrete intensity level settings

Model	Beam Angle	Connection	Window
WLC90WLED	8.5 degrees	Integral 4-Pin Euro QD Side Exit	None
WLC90WLED	15 degrees		
WLC90WLED	30 degrees		
WLC90BLED	8.5 degrees	Integral 4-Pin Euro QD Rear Exit	None
WLC90BLED	15 degrees		
WLC90BLED	30 degrees		
WLC90WLED	8.5 degrees	Integral 4-Pin Euro QD Side Exit	None
WLC90WLED	15 degrees		
WLC90WLED	30 degrees		
WLC90BLED	8.5 degrees	Integral 4-Pin Euro QD Rear Exit	None
WLC90BLED	15 degrees		
WLC90BLED	30 degrees
