To parameterize the hand-held scanner please scan the following codes in the shown sequence

2D (only for IDM2xx -3 devices):

Mobile hand-held scanners connected to CDF600-xxxx

<p>Factory Default Attention: This resets all parameters of the device</p>	
<p>Pair Mode (only / nur IDM 140-2BT)</p>	
<p>Place the scanner on the smart cradle, then you will hear one short beep to indicate the pairing process is activated. The scanner will give continuous short clicks and the link indicator of scanner will flash blue quickly during the pairing process. When you hear 4 beeps in ascending tone, the pairing process is completed. You will see the link indicator of scanner giving 1 blue blink per 2.5 seconds and the center indicator of the smart cradle turning steady blue</p>
